# 1 Overview

To meet with our customer's different IT requirements and environment, IOMeeting is available in a variety of configurations: from cloud service, dedicated server to on-site installation.

Compared with IOMeeting Cloud, IOMeeting Dedicated and IOMeeting Onsite have two important enterprise features:

- Unlimited Number of Hosts: you can have unlimited number of hosts. IOMeeting only limits the total number of participants in all concurrent meetings;
- Super Video Wall: All meetings can have up to 30 simultaneous video feeds.

Enterprise Feature	IOMeeting Cloud	IOMeeting Dedicated	IOMeeting Onsite
Unlimited Number of Hosts	✗	✓	✓
Super Video Wall	depends	✓	✓

Note: If your company is registered in Japan or China, you cannot use the prices in this document. All prices are subject to change without notice.

## 2 IOMeeting Cloud

Using IOMeeting cloud data center, you don't need to worry about server hardware or bandwidth. You can subscribe to IOMeeting Cloud either monthly or annually.

IOMeeting Cloud	Participants	Videos	Monthly Fee	Annual Fee
Everyday Meeting	10	7	\$29	\$290
Professional Meeting	25	7	\$39	\$390
Video Wall Pro	25	12	\$49	\$490
Webinar	100	7	\$89	\$890
Video Wall Webinar	100	12	\$119	\$1190
Super Video Wall Webinar	100	30	\$199	\$1990
Webina-200	200	7	\$149	\$1490
Webina-500	500	7	\$249	\$2490
Webinar-1000	1000	7	\$399	\$3990

### 3 IOMeeting Dedicated and Onsite

IOMeeting Dedicated customers can benefit from utilizing a dedicated IOMeeting server with a fast connection to the Internet. There is no additional hosting or bandwidth fees.

IOMeeting Onsite customers can utilize their own hardware, networks and security infrastructure. IOMeeting Onsite is available in both annual and perpetual pricing models. If using perpetual pricing model, upgrade is free for the first year. After first year, the annual upgrade fee is 15% of purchase price.

The following table shows the total price of IOMeeting Dedicated and IOMeeting Onsite with the number of participants from 10 to 5000.

Concurrent Participants	Dedicated Annual	Onsite Annual	Onsite Perpetual
10	\$3,400	\$1,700	\$5,100
15	\$5,100	\$2,600	\$7,700
20	\$5,400	\$2,700	\$8,100
30	\$7,900	\$4,000	\$11,900
40	\$10,300	\$5,100	\$15,400
50	\$12,500	\$6,300	\$18,800
60	\$14,200	\$7,100	\$21,120
70	\$16,100	\$8,000	\$24,100
80	\$17,800	\$8,900	\$26,600
90	\$19,400	\$9,700	\$29,000
100	\$20,100	\$10,100	\$30,200
200	\$37,500	\$18,700	\$56,200
300	\$52,100	\$26,000	\$78,100
500	\$76,400	\$38,200	\$114,500
1000	\$138,800	\$69,400	\$208,200
2000	\$249,800	\$124,900	\$374,700
5000	\$520,400	\$260,200	\$780,600

## 4 IOMeeting Hardware Requirements

The following table shows IOMeeting system capabilities (in terms of maximum concurrent meetings and maximum concurrent participants) for various server configurations (CPU, memory). IOMeeting system bandwidth requirements largely depend on the video usage model. The bandwidth figures below are based on our estimation and are for your reference only.

CPU	Memory	Maximum Concurrent Meetings	Maximum Concurrent Participants	Bandwidth
Dual-core	4GB	4	100	10MB
Quad-core	8GB	20	500	50MB
Dual Quad-core	16GB	80	2,000	200MB
Dual Hex-core	32GB	200	5,000	500MB
